

Deric Garnell, friend of the Author of this document, gave me a copy of a special document he had. "Bill of Sale" Registered Dec 28,1893.

Deric says: "The legal description is of my property. It has both signatures of Mr. and Mrs. Eliassen. The witnesses are also old Oskar residents."

The spelling is OsCar EliassEn not OsKar EliassOn

The Bill of Sale "for wood trees and timber of every description, standing, growing and being in .." and gives Deric's property description.

So the land might have been in another family name, but Oscar bought the timber rights.
